

Membership Matters in Junior Grange 2009

Let's organize and reorganize Junior Granges across the Nation---We all need to take on the challenge.

We would like each Subordinate Grange to take on the challenge of organizing a Junior Grange.

Why?

- Because membership matters in Grange at any age.
- We are a family organization that must strive to offer opportunities for everyone in the family.
- Children bring an opportunity for growth and excitement for everyone in your Grange.
- The Junior Grange and Subordinate Grange work hand in hand to develop and create opportunities within your community.
- Everyone benefits from working together.
- Just imagine the possibilities.

What will we do to help you?

- Provide you with resources and materials to promote a Junior Grange.
- Provide you with tools to encourage membership and growth of a new Junior Grange.
- The National Junior Grange Development Director and National Leadership and Membership Director will do all we can to assist.

Every state that organizes or reorganizes a Junior Grange this year will be given special recognition at the National Grange Convention during the Junior Grange Breakfast.

- The state that organizes the most Junior Granges will receive a \$50.00 cash award for each Junior Grange that they organize, and the check will be given to the new Juniors Granges.
- Each State Junior Director that organizes a Junior Grange will Receive a \$25.00 Gift Certificate to the National Grange Store.

The Clock is Ticking
